All intending settlers should remember that it is necessary in order to facilitate the work to have your blanks filled out before going to the booths. You want blanks approved by the department officers and pronounced correct. You can't afford to make any mistake. A slight error might lose your claim. We guarantee "The Leader" blanks to be absolutely correct. For sale at Lillie's, McElhinneys' and this office. Supply yourselves before starting.

All orders and business with THE LEADER from Orlando will be transacted through Messrs J. Roy Williams and Arthur Braithwaite, LEADER branch office, opposite booth.

All optics are turned toward the strip. Many will be peeled.

GREEK is sore. During his flight down the banner of fame he probably struck a nail.

A SNAIL boy looked into the barrel of an unloaded gun at Wichita Tuesday. His funeral was largely attended.

WITHIN twenty-four hours after the opening more than dozen houses will be ready for occupancy at the townsite of Perry.

The report that Tompkins had joined the Dalton gang is not true. The Daltons comb their hair and groom their own horses.

The editor of the Oklahoma Times Journal is still mounted. His organs are probably out of whack. Did he slip up on an organ part?

THE SANTA FE railway is doing right by the people. Free water will be a luxury in the strip. Tax is cheap but it takes money to buy whisky.

Box. JOHN W. JACK'S Perry daily will be a feature of the new town of Perry. His whole outfit with power press, was shipped from St. Louis Saturday.

JEPH COLE, the officer in charge of the Orlando booth, is a broad-minded man and is doing all in his power to correct existing evils and promote rapid registration.

THE SANTA FE railroad displays a commendable spirit of generosity in volunteering to haul water and distribute the same to strippers free of charge. Very few corporations would do as much.

WHILE there are many Democratic senators opposed to the unconditional repeal of the Sherman act they will not countenance any filibustering to defeat its repeal. They will content themselves by opposing it with their speeches and votes, holding that when they have done this they have performed their duty to the country.

A DEMURE miss residing in effect Boston writes THE LEADER a long letter, in which she says the country must be in a terrible state so moralization when thousands of people rush to Oklahoma to see the poor Cherokee tribe's poor girl. Said doubtless refers to the innermost recesses of her boudoir to change her mind.

THE order of the secretary of the interior that no one will be allowed to enter the strip from the east or smaller Indian reservations will be strictly enforced and all parties entering therefrom will be arrested by the soldiers and held in custody until after the opening. Not only this, but their names will be taken and they will not be allowed to acquire any land or town lots in any part of the strip.

THE OUTLOOK BIG TENING. As an evidence of returning prosperity, over eleven thousand men in St. Louis alone returned to work in the various manufactures in that city last week. All the large tobacco factories have resumed operation also the iron, glass, engine and boiler and stove factories and many others resumed Friday with a full force of employees. The whole number that resumed last week were thirty-one factories. While this is the case in St. Louis the same is true in all the principal cities of the United States. Business everywhere is taking on its old time look of prosperity and it may be confidently accepted that the end of the panic has been reached.

IMPORTANT PROCLAMATION IS SUED BY THE GOVERNOR

Whu HAMMAR PURE Prepared Paint

is the Best and Cheapest Paint on the Market.

What is it that gives any Paint Durability, Beauty of Finish and Preservative Quality?

## PURE LINSEED OIL--ONLY.

Every gallon of Hammars Pure Prepared Paint must be added one gallon of Pure Linseed Oil to reduce ready for painting.

When you add a gallon of pure, fresh Linseed Oil to a gallon of Paint, you get not one made from Liquid Acetate. This necessary addition of raw Linseed oil places the durability of your Paint under your own control, and if pure Oil is used, the durability is assured.

This Paint is most economical, as compared with other Ready-Mixed Paint inasmuch as the consumer does not pay for Linseed Oil used at the rate of cost of Ready-Mixed Paint, \$1.40 to \$1.70 per gallon. After being thinned with pure Linseed Oil, one gallon of the mixture will cover 20 square feet--two coats on good surface.

There is no other Paint made that can offer absolute proof of durability, at a cost of \$1.00 per gallon to the consumer. For sale only by

KANSAS DAY AT THE FAIR.

A Most Interesting Program of Speeches and Songs.

CHICAGO, Sept. 13.—In a beautiful little grove in the rear of their state building yesterday, Kansas people listened with rapt attention to the guiding words of their orators.

In testimony whereof, I have hereunto set my hand and caused the seal of the territory of Oklahoma, this 11th day of September, A. D. 1890.
